Repair or Replace? That is the Question!

by Bill Unger

For many modern cars, auto dealer labor charges can far exceed the value of a minor, or even a major, component that needs mechanical attention. And proper training for highly skilled rebuild projects may not be economically feasible, or even allowed, due to liability concerns by the subcontracting parts supplier. Therefore, auto manufacturers have specified that most components be replaced rather than repaired. Plus, replacing parts is quicker and can generate better profits with less investment in shop space and specialty tools.

Repair or Replace? (cont.)

But not every mechanical component on your old LBC will need to be replaced when it begins to under perform. If you are like me, your "shop labor time" is pretty cheap. So open up your LBC's factory repair manual and look for breakdown and rebuild instructions for what is typically a throwaway parts in today's motor world. Waterpumps, starters, alternators and generators, steering and suspension items, even windshield wiper motors and fuel pumps are very easy to refurbish. Replace electrical contacts and brushes, seals, and bearings yourself with common DIY weekend garage hand tools.

Shown above are the component parts of a fairly common part ... a drive belt idler pulley (or "jockey" pulley in Brit-speak) that retails for about \$100 plus shipping. When the pulley begins squawking, the only part that really needs to be replaced is the bearing! Why not remove the bearing and replace it for a fraction of the cost. Careful examination in the groove of the sheave reveals a small indent with an Allen headed retaining grub screw. Slacken the grub screw and press out the bearing along with the end cap seal. Check to see if your favorite Brit parts supplier offers a rebuild kit. Or in larger metro areas, take the bearing to a full range supply house where they can check for availability of a replacement. The only tool that you may not have to complete the job is an inexpensive bench press. So now is the time to make a worthwhile investment

With a bench press, press in a new bearing. Then secure the end seal with Loctite red.

Done!

My View Through the Windscreen

by Jim Hendricks, President

I would like to welcome all of our new members and look forward to meeting you and seeing your British car(s). Welcome!

We had a nice "meet and greet" last Tuesday at the Bull & Bush with a nice turnout!

I would like to thank all of the hard working members that has put together our big show in October! Thank You!

Keep Cool and "Drive with your tops down".

GSBCC's "Myrtle Beach Britfest" Update

by Rod Smith, Vice President

Your Car Show Committee has met on numerous occasions, and most every detail has been worked out or is part of a plan that will be set in motion the day before the show and the morning of.

You may recall receiving a list of Committee Assignments recently where we also asked for additional volunteers. Thanks to everyone who has offered to help to make our first ever car show one of the best in the southeast! Currently, there are 10 people on the Show Committee and an additional 3 volunteers, so hopefully, everything will go off without a hitch.

Jim Smith has the trophy situation firmly in hand, and Jim Hendricks is continuing to work on securing the insurance which can only be purchased within 30 days of the show. T-shirts will be ordered soon now that our design has been approved, and a big thanks goes to Bill Unger for creating the design and the registration form that all participants will fill out. Incidentally, if you haven't registered yet, we highly recommend that you do so right away. Just go to our website at www.GrandStrandBritishCarClub.com and click on the new tab marked "Britfest". There, you can print out the form, fill in your personal information, and send it in with your check.

I picked up the directional signs and class signs for the 40 car classes and they look great! They all have the club logo in color and will be something we can use every year.

Britfest Update (cont.)

Everyone in our club is encouraged to arrive as early as possible the day of the show as your cars will help establish where the cars from other clubs will park. Our parking attendants Skip, Greg, Jim H., Jim S. and yours truly will help direct the trailers to their designated area as well as assisting the entrants with parking their cars. Foam "noodles" like you see kids using in the pool will be used to insure uniformity and allow space for people to walk between the cars without disturbing them.

Recently, each of you may have received an Eventbrite notification for BRITFEST. This was sent by me and is now accessible on the web by the public. We are also found on the Market Common website as well as our own website and Facebook page. We are easily found on a Google search for British Car Shows in Myrtle Beach so the word is out there!

All we need now is for our own members to sign up!

Southeastern Fall Gathering of the Faithful Callaway Gardens

Pine Mountain, Georgia October 10 - 13, 2013

Dear MG Sportscar Supporter,

Please add our event to your Events Calendar for 2013.

The Southeastern MG T Register is excited to host the seventeenth biannual Southeastern Fall Gathering of the Faithful on October 10, 11, 12, and 13, 2013 at Callaway Gardens

The theme "Classics at Callaway" will be an homage to the 1940s and center around the glory days of owning and driving our vintage MG cars. Remember the days of Beach Bon fires, dance classes, and banquet hall dinners? We're bringing back these vintage events, along with a few new traditions.

Due to the tremendous amount of early arrivals at our last show, we've decided to add a full day of activities on Friday which will include a lazy drive thru Pine Mountain and down to Warm

Springs. For those who enjoy visiting a little piece of history, this lovely town was the home of President Franklin D Roosevelt's Little White House.

The formal car show Saturday morning will be taking place at the Overlook Pavilion within the gates of Callaway Gardens. This beautiful location is a picture perfect place to showcase all models of MGs and will wind down with a parade lap around the garden's scenic loop drive.

Located in Pine Mountain, our host hotel, The Mountain Creek Inn, sits right across the road from Callaway Gardens and features convenient on site restaurants. Entry to these spectacular gardens is included with your hotel reservation.

Whether your idea of fun is relaxing in the hospitality room, taking part in an all MG Scavenger Hunt, or strolling gardens blooming with fall color, you won't be disappointed. The 2013 GOF, "Classics at Callaway" will be a vintage drive through the past!

We are seeking your assistance by requesting you include our event in your 2013 Event Calendar. We appreciate any support of our event you will provide. See page 2 for registration information or on the Web at www.semgrt.org
