February Fun Run

by Rod Smith, Vice President

Our February Fun Run was a resounding success by accounts of all who participated. We met at the Bass Pro Shop on a blustery, but otherwise beautiful Saturday morning. There were 8 cars consisting of Ron Connors in his Austin Healey Sprite, Ethan and Harry Johnson in their MGB-GT, Tuck Rion in his Lotus 7, John James in his TR6, Rick and his wife in their MGB, Greg and Patsy Hoch in their MGB, yours truly with Myrna in our TR3A and Warren and Stancy Bender in their '69 VW. Yes, you read that right. Warren's TR3A doesn't have side curtains, and with the temperature staying in the 50's, they opted for comfort. Way to go Warren, take care of Stancy!

February Fun Run (continued)

John James had crafted a great country route and proclaimed me the leader of the drive. No problem, I can read a map - not Myrna which she reminded me of!

We pulled out at a few minutes past 10 and headed up highway 22 which proved to be the only modern road we traveled. After getting off on Hwy 90, we drove to Hwy 905 where we were supposed to zig but I zagged. Actually, I did it on purpose to see if everyone would actually follow me. They didn't. I called John, and he told me I needed to turn around. No problem, I can read a map - don't they know how to play follow the leader?

Once we fixed that little wrinkle, we continued on our route meandering past farms and pastures. As we came to another critical juncture, I thought I would test them again. Unfortunately, it was the wrong move. My phone rang, and John, who was bringing up the tail, informed me I needed to turn around. No problem, I can read a map.

As we re-grouped, John informed me that it should be "smooth sailing" now. Our next turn according to the map was on Cane Branch Road. No problem, I can read a map - and began looking for the road.

Shortly after passing a highway with a number that escapes me now, I determined that there was nobody behind me. Don't these people know how to follow? My phone rang and John informed me everyone was waiting patiently for us. No problem, I can turn around.

John and I spoke on the phone which we both had on speed dial by now. We've got it now he proclaimed. Of course, I thought - I can read a map.

My View Through the Windscreen

by Jim Hendricks, President

Hi Members,

Be aware that if you have ever had your MGB hauled on a flatbed truck or trailer, check the brake line attached to the top of the rear axle housing. The brake line could be crushed due to cinching down with a chain. Your brakes may still be marginally functional but with reduced diameter, but reduced fluid flow, braking might be minimal. If your line is damaged, have a shop make a replacement.

Monthly Meeting Minutes

by Felicia Sachs, Secretary

The Monthly Meeting was called to order Wednesday, Mar. 13, at T-Bonz Restaurant by Jim Hendricks, President.

There was discussion about upcoming events (see calendar). New membership cards and stickers were distributed. Treasurer Jim Smith reported that the club has a balance of \$1063.69.

February Fun Run (continued)

Our route took us down the Adrian Hwy which actually parallels Hwy 31 but is so much more fun and interesting. Gentle curves and slight hills took us past a few mobile homes, beautiful houses, and pastures with horses, cows, chickens, goats and ponds. We eased on down the road at a respectful 45 - 50 mph which was just enough to enjoy the curves without upsetting passengers or neighbors. We encountered very little traffic in either direction which was a pleasant change from our daily routines.

We noticed that a few trees were starting to bud out, and Ethan noticed a motor home with a porch built to hold a full sized refrigerator. Where else are you going to store the beer?

When we came upon a convenience store at the junction of the Pee Dee Hwy and 378, I opted to pull in. Amazingly, the group filed in right behind me. I guess they finally figured out they were supposed to follow the leader! Turns out, most of them had drank lots of coffee trying to stay warm and needed a break. We stayed there just long enough to let everyone stretch their legs and talk about how much they enjoyed the route we had traveled.

Several people asked me if I was having trouble but I informed them every move I made had been intentional as I was testing them. We also discussed the fact that this route should be called the "church route". We had passed one Pentecostal Holiness church, 2 Methodist churches and 87 Baptist churches. Well, close to 87.

February Fun Run (continued)

As we got ready to "mount up", Harry informed me that the clerk in the store wanted to know if we would drive past the front door so she could get a better look at the cars. As we filed by in our best parade formation, we eased back onto the Pee Dee Highway and enjoyed another 25 miles until we reached Luvan's, our destination for lunch.

We definitely made their day with the 13 of us making up their only customers at the time. Lunch was ordered, and there were some great burgers, fried fish platters, and shrimp specials. Yum!

Everyone thanked John for a great route, and we agreed we need to do more of these trips!

The cook at Luvan's motioned to Myrna as she waited to use the ladies room. He said, "What's with the Volkswagen?" Myrna explained that Warren had a TR3 but it didn't have side curtains, and he was being a gentleman for his wife. He said that was cool. "Hey, I know my cars".

Stay tuned for a March Fun Run where I will be creating a road trip. Don't worry, I can read a map!
