Replacing a Spridget Handbrake Cable

by Karl Gettmann, GSBCC Member

The following is what I found to be the easiest way to replace the handbrake cable on my 1971 MG Midget.

Start by jacking the car up high enough to allow plenty of room underneath to be able to get to the handbrake components. Make sure your jack stands are secure and firm.

I began by removing the clevis pins that hold the link rods to the rear wheels. I then removed the lever support bracket. It was rusted, dirty and needed a thorough cleaning.

I was then able to disconnect the handbrake cable and the rest of the pieces that make up the assembly.

After all the cleaning was done I proceeded to loosen the clamp that holds the cable right at the entrance to the driveshaft tunnel.

Next, I went on the driver's side of the cockpit and removed the seat. This allowed access to the cover at the base of the handbrake.

My View Through the Windscreen

by Rod Smith, President

The BRITFEST committee met recently to go over the myriad of details required to continue improving our show, in hopes of making it one of the best ones on the East Coast. A few items still remain to be ironed out but it is shaping up to be a really great show. We urge you to go ahead and register for the event now, so we can begin planning the layout. We already have registrations coming in from other states and we want to be sure all our members participate!

As you know, this year's show has been chosen as the annual event for the American MGB Association (AMGBA). This is very exciting and quite an honor for our club since the locations that the AMGBA has chosen in the past read a like a where's where. I just made that up! Think about it: our club is only hosting its 3rd show and this national organization has chosen BRITFEST to celebrate their annual event!

In their most recent newsletter, they talk about their initial gathering in 1978 being held in Chicago followed by National Conventions in New York state, in Ithaca and Glens Falls. The organization's success led to renting the world famous Indianapolis 500 Motor Speedway in 1981. Wow, that's big! The next year they actually went outside the USA in Kingston, Ontario, Canada then Lake Tahoe, California; Boulder, Colorado; Santa Barbara, California; Abingdon, Illinois; San Antonio, Texas; Saratoga Springs, NY; Kansas City, Missouri;

(see **My View** next page)

(**Handbrake Cable** continued)

After removing the cover, three bolts were exposed that when removed allowed the handbrake and cable to be pulled inside the car. Pull it just far enough to pull the clevis pin holding the brake cable to the hand brake. Next pull the old cable out and attach the new cable. Slide it back into the tunnel and reattach the handbrake and cover. Remount the seat, and the inside work is done.

If the end of the cable has not pushed all the way through, use a wire or other long object to pull it on through and out of the tunnel. Reattach the clamp to the cable at the end of the tunnel, remount the lever support bracket and rear wheel levers. There is an adjustment that can be made using the trunion that is part of the bracket support. Use this to adjust the cable.

You now have a new cable and a handbrake that will work properly.

(**My View** continued)

Springfield, Oregon; Atlanta, Georgia and in 1991, they returned to the site of their first convention in Chicago.

In 1992, they returned to the West Coast to the San Francisco Bay area in Palo Alto, California, then Keene, New Hampshire near the site of the Westminster MG Museum. In 1994, they went to the San Diego, California area at the Del Mar race track and then in 1996, all of the major MG clubs in North America joined for MG Indy '96 in Indianapolis, Indiana at the Indy 500 track. The list goes on and on with shows in California, North Carolina, Florida, Massachusetts, Maryland, Wisconsin, Ohio, New Jersey, Mississippi, Vermont and for 2015, they will be in South Carolina for the first time at OUR SHOW: The Grand Strand British Car Club's BRITFEST in Myrtle Beach on October 3, 2015. You don't want to miss this show!

Please register now while you are thinking about it!

Also, your smiling face is always welcomed and expected at our monthly meetings and weekend outings like the Swamp Fox Trail that Bill Unger and Greg Hoch have put together. We already have 13 cars for this TSD rally but there's always room for more, so come on out and join the fun!

Monthly Meeting Minutes

by Bill Unger, Secretary

The June monthly meeting was called to order by President Rod Smith at 6:50 pm on **Tuesday, June 9, 2015, at Wahoo's Fish House**, Murrells Inlet. About 32 members were in attendance. No new members were introduced although a couple walking by overheard our Brit oriented talk and later joined up. **Welcome Joel and Deb Carnosso!**

Treasurer Jim Smith reported a bank balance of about $2400. A planned printing of a **GSBCC "business" card** was discussed now that the artwork is completed.

The **2015 Britfest Car Show planning** was reviewed. Stancy Bender passed around a raffle items donation signup up sheet. Suggested themes for baskets were listed, and the response was overwhelmingly positive. Stancy requests that the baskets be brought to her at any regular meeting prior to October. Prez Rod Smith announced that the American MGB Association (AMGBA) is planning their national meeting in Myrtle Beach to coincide with participation in our Britfest. Immediate Past President Jim Hendricks indicated that **we still need four more GSBCC MGB owners to sign up for membership in the National MGB** group in order to meet the minimum 10 members for our club to have liability insurance coverage extended to Britfest.

Pres. Rod Smith reminded the membership that GSBCC is still in **need of a volunteer to act as Membership Chairperson** to keep track of member information, renewals, etc.

Never too early to plan for Christmas, so a motion was introduced and passed to have our **Annual Christmas Party at Wahoo's,Tuesday, Dec. 6**, at 6:30pm, the dating and timing of our regularly scheduled monthly meetings. No elections will be held this year since all club officers were elected last year for a two year term. However, Secretary and Newsletter Editor Bill Unger expressed a desire to relinquish the Secretary position to anyone who might be interested.

Bill Unger and Greg Hoch reviewed planning for the **June 27 Swamp Fox Patriot's Trail Rally**. It is designed like a technical Time-Speed-Distance (TSD) rally but without the time or speed or checkpoints. Total elapsed distance will only be used as a tie breaker. Emphasis for this rally is placed on accurately following directions. Many members signed up at the meeting. (see **Minutes** next page)

(**Minutes** continued)

Felicia Sachs will honcho the **July 18** drive to La Belle Amie Winery for the **Parrothead Festival**. Meet at 10:30 am at the Coastal Grand Mall Sticky Fingers (south side along road to airport) to caravan to the vineyard.

Al Moteforte will check with British Car Club of Cape Fear (BCCCF) about scheduling a joint meeting location in possible Ocean Isle for an upcoming driving event.

Social Media Editor Felicia Sachs is developing a new Facebook page for GSBCC.

It was mentioned that BMW's Eurofest will be held at a new location this year since it has outgrown Zentrum. The July monthly meeting will be at Sticky Fingers and the August meeting at Overtime Sports Bar. Also, someone wants to plan a Aug. 15 drive to Radd Dew's BBQ but my fingers were starting to cramp up and my writing slowed down so I missed who it was but I am sure that it will be brought up again before then so don't worry that you might miss it 'cause as soon as I get the details I will put it in the monthly newsletter's calendar of events.

The meeting was adjourned for fellowship.

Collector Car Appreciation Day

From Wikipedia

Collector Car Appreciation Day (CCAD) is an annual celebration to raise awareness of the role automotive restoration and collection plays in American society. The day was first recognized on July 9, 2010 by a U.S. Senate resolution.

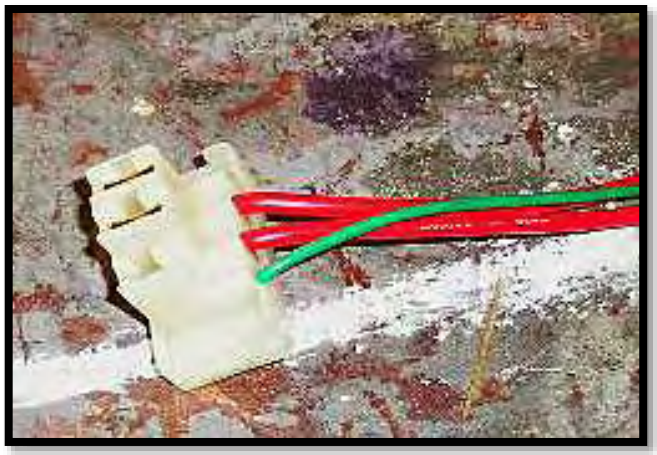
Hundreds of events were staged nationwide to celebrate the first CCAD. Thousands attended events ranging from car cruises and shows to small-business open houses and "drive your car to work" displays. The effort was organized by the Specialty Equipment Market Association (SEMA) and its Automotive Restoration Market Organization (ARMO) and Hot Rod Industry Alliance (HRIA) Councils, acknowledged the importance of the automobile in American culture as the inspiration for much music, literature, photography, cinema, fashion and other artistic pursuits.

The sixth annual Collector Car Appreciation Day will get rolling on July 10, 2015.

Lucas 18 ACR Alternator Connector

by Bob Puttbach

I never could find a source for the 3 connector socket that is on the end of the wiring harness and plugs into the Lucas alternator. I have seen these sockets get loose and also corrode over time. Little River Alternator can supply the socket with a 6 inch 3 wire pigtail on it. They are available with tax for under $18. You can call them and talk to Frank at (843) 446-3973 or call me at (703) 216-1510 and I will pick one up for you.



Spotlight on Our Members

by Dan and Ann Ferris

My interest in LBC's started back in 1971. I grew up in Massachusetts not far from an oval racetrack where they raced '30's and '40's coupes and sedans. So I naturally became a lover of those era cars and V8 muscle cars. My dad purchased a new 1967 Mustang and I managed to convince him to order the 289 with a 3 speed on the floor.

My wife Ann and I met in 1970 while attending Ithaca College in the Fingerlakes region of upstate New York. During the fall of our junior year, a friend of Ann's who lived in her dorm, lent us her 1960 MGA for an afternoon drive around Lake Cayuga. Well, I had never been in an LBC before, let alone driven one. It was a perfect fall day for the top down experience. We got back from our drive and I told Ann "I've got to get me one of these cars!!!"

The next summer, before our senior year, I bought a five year old Austin Healey 3000 and battled the New York winter in it.

(see **Spotlight** next page)

(**Spotlight** continued)

I wish I still had that car, but at the time, I didn't have the money or knowledge to keep up with the issues the car presented.

After graduation, I bought a 1972 TR-6 which was only a year old. I owned that car for almost 20 years and enjoyed it tremendously. It was actually Ann's daily driver when we were first married. Along with two other Triumph owners, we started the Western Mass Triumph Association in 1981 and we eventually grew to 75 members.

For a short period, I owned a second TR, a 1959 TR-3A. It was a fun car, but tough to take on any kind of trip. So I bought my second TR-6, a 1976 that I still own today. I've owned this one since 1989. So basically we've been Triumph owners for 42 years!

A few years back Ann and I had the good fortune to meet Patsy and Greg Hoch at a British car weekend in Western Massachusetts before they moved to South Carolina. Ann had on a Murrells Inlet sweatshirt, and Greg had on a baseball cap with the same. So we hit it off, and now they are great friends of ours, and golfing buds, too!

Two years ago I decided to bring the car down to our townhouse in Murrells Inlet, where I can use the car year round. We've enjoyed meeting the club members in the GSBCC and will continue to attend any events whenever we're in South Carolina.

Club Stuff For Sale

by Jim Smith, Club Regalia Chair

Remember that when you purchase any club paraphernalia, the price not only pays for the cost of the item, but any profits will benefit you by helping to offset GSBCC sponsored event expenses. Won't you please give? And give often? Okay, so here are your choices:

Sweat Shirts Embroidered

$20

T-Shirts Silkscreened

$15 (2 for $25)

These shirts are top quality USA made Guildan, preshrunk, cool 100% cotton, with a large GSBCC logo on the back and a small GSBCC logo above the left breast.

sizes: Small, Medium, Large, X to XXX Large
T-shirt color: white, black, beige, and more!
Sweat Shirt color: Morris Garages gray

Stickers FREE!

(with shirt or cap purchase)

No, they don't cost a quarter, but WOW! Look how big they are! And you get both logos on each sheet. They peel off to apply on the inside of your vehicle's glass without any wetting or other adhesives. But do they ever stick ... even through repeated cleanings! Cheap enough to go in all of the windows of your Lexus, Sea Ray, lake cabin, china hutch, lunch boxes!

Driving Caps & Visors

$15

Traditional ball cap style which you wear on your head (forwards… or backwards to look "way cool") and to announce your car club affiliation with the GSBCC logo embroidered above the bill. Or a visor to let your pony tail wave in the air (not recommended if you have a thinning spot up there. Only one size but adjustable.

colors: British Racing green, Coventry blue, Traffic yellow, Morris Garages light gray, and more!

More Really Cool Stuff
